

# CENTENNIAL ACADEMY

Centennial is the only high school in Quebec whose mission is to help students master their challenges of learning and graduate on time. Everything we do, from the way our school is structured to the way our classes are taught, is designed to remove unnecessary obstacles that get in the way of learning. We create optimal learning conditions for all types of learners and we coach our students to develop effective learning behaviours that help them succeed in school, in the workplace, and in life. Our results speak for themselves: **Over 90% of our students graduate in five years and go on to college and university.**

Centennial welcomes students with a wide range of learning challenges, including ADHD, dysgraphia, dyslexia, and autism spectrum disorders. We ensure that all of our students feel respected and accepted, enjoy going to school, and experience success. We strive to create an academically and socially inclusive educational environment in which learning is accessible and meaningful to everyone.

## Un secteur français, dès août 2017!

Centennial offrira un programme en français à partir d'août 2017. Notre vision est de faire de Centennial un modèle d'éducation accessible et inclusive, offrant aux élèves anglophones et francophones une opportunité de surmonter leurs difficultés d'apprentissage et de graduer dans les délais prescrits par le ministère de l'Éducation. Pour l'année scolaire 2017-2018, nous offrirons des cours en 1ère et 2e secondaire.

Centennial accepts students throughout the year, at all grade levels.
