

Certified High School Math and Science Teacher 2026-2027

Job description:

Centennial Academy is looking for a secondary level math and science teacher for its English sector – GR8 Math, GR7 Science

About Centennial Academy:

Located in Montreal, Centennial Academy is a leader in inclusive education and is dedicated to helping young people master their learning challenges, become autonomous and resilient learners, and graduate on time. Centennial Academy has an English-language sector and a French-language sector.

We are early adopters of the Universal Design for Learning (UDL), a scientifically-driven educational framework that addresses the main barrier to learning: an inflexible, one-size-fits-all approach to teaching. UDL reaches all types of learners, by providing multiple means of representation, expression and engagement.

We create a safe learning community. We use inclusive instructional practices. We adhere to systems and structures that support learning. We teach our students how to learn. We prepare them for life.

The opportunity:

Teaching at Centennial provides an opportunity to join a team of passionate people who are committed to learning and to implementing the school's mission and values in everything we do. Our teachers play a key role in a school that is recognized as a model for inclusive education in Quebec and in Canada. We value our teachers and provide them with supportive feedback and regular professional development informed by the latest research in the science of learning. Teaching at Centennial is joining a learning community that offers a life-changing educational experience to young people with learning challenges.

Teacher Profile:

The successful Centennial teacher is a committed professional who shares our vision, mission, values and approach. Our teachers are team players who solve problems in a collaborative fashion, who are open to feedback and who are empathetic and even-tempered. They follow school guidelines and implement best practices established by the school, ensuring that students are treated in a respectful and consistent fashion.

They have the confidence needed to ask for support and to bring forth issues that need the attention of the entire pedagogical team. They are lifelong learners who value professional development opportunities.

Le personnel de l'Académie Centennial est soumis à la Loi sur la laïcité de l'État. Cette Loi prévoit, notamment, l'interdiction pour l'ensemble des employés de porter un signe religieux et l'obligation d'exercer ses fonctions à visage découvert. Pour en connaître plus sur cette loi : Loi sur la laïcité de l'État.
